

Ishtpreet Singh

Sangrur, Punjab

+91 7814362350 | aulakhishtsingh21@gmail.com | linkedin.com/in/ishtpreet-singh- | github.com/ishtpreet-singh

Computer Science student with strong interest in C++ programming, software development, and problem solving. Experienced with Python, web technologies, and machine learning concepts, with research exposure in healthcare datasets and international academic experience through the Erasmus+ semester exchange program.

Education

Chitkara University

B.E - Computer Science and Engineering - CGPA: 9.72

Aug 2024 - June 2028

Himachal Pradesh

Indian Institute of Technology (IIT) Ropar

Minor in Artificial Intelligence and Machine Learning

Sep 2024 - Feb 2026

Punjab

Metropolia University of Applied Sciences

Semester Exchange - Erasmus+ Program (Fully Funded by European Union)

Aug 2025 - Dec 2025

Finland

Technical Skills

Programming Languages: C++, Python, Java, C

Web Technologies: HTML, CSS, JavaScript, React

Core Concepts: Data Structures and Algorithms, Object Oriented Programming, Operating Systems, Computer System Architecture, Software Engineering

Technologies: Machine Learning

Projects

VitalCare – AI Powered Health Diagnostic Assistant

- Developed a system that helps predict possible diseases based on symptoms entered by the user.
- Performed data preprocessing using Pandas and trained models with Scikit-learn.
- Designed a web interface using HTML and CSS for symptom input and prediction output.

University Information Website

- Developed a responsive website displaying university departments and academic information.
- Implemented responsive layout using HTML and CSS.
- Selected for university exhibition showcase.

Research & Publications

Chronic Liver Disease Diagnosis: A Comparative Analysis of Deep Learning and Conventional Machine Learning Techniques –

Published research paper comparing CNN, GRU, LSTM, and ANN models for liver disease prediction.

Abstract Presentation – Challenges and Opportunities Created by NEP presented at the International Seminar on Quality Assurance in Higher Education (QAHE-2024), Chitkara University.

Achievements

Selected for **Erasmus+ Scholarship Program** for Semester Exchange at Metropolia University of Applied Sciences, Finland.

Research paper published in **IEEE** on deep learning models for liver disease prediction.

Abstract titled “*Challenges and Opportunities Created by NEP*” published in the **Souvenir-cum-Seminar Book** of the International Seminar on Quality Assurance in Higher Education (QAHE-2024).

Selected as Program Committee Lead – **IEEE Student Branch**, Chitkara University.

Leadership & Experience

NEP Saarthi (Student Ambassador) – Chitkara University (Jan 2026 – Present)

Selected to support awareness and implementation of National Education Policy 2020 and promote student engagement in academic reforms.

Program Committee Leader – IEEE Student Branch, Chitkara University (Feb 2025 – Feb 2026)

Volunteer – **Office of International Affairs (OIA)** supporting international programs.

Delivered seminar on *Empowering Communities with Solar Energy* through IEEE outreach initiative.

Certifications

AWS Academy Graduate – Cloud Foundations (20 hours)

Red Hat System Administration I (RH124 – RHA) – 40 hours

Red Hat System Administration II (RH134 – RHA) – 40 hours

New Features in Red Hat Enterprise Linux (RH304 – RHA) – 40 hours

Elements of AI – University of Helsinki (2 Credit Course)

Infosys Springboard: HTML, CSS, Design Thinking, Python Programming
